ABOUT COMPANY

A Leader in Charcoal and Briquettes

Since our founding in 2019, Eco Charcoal Indonesia has emerged as a dominant force in the charcoal and briquette industry. Renowned for our unwavering commitment to quality and exceptional service, we've consistently exceeded customer expectations. Our dedication has earned us a loyal following both domestically and internationally, solidifying our position as a trusted industry leader.

From its humble beginnings, Eco Charcoal Indonesia has steadily built a reputation for reliability and quality in the local market. Our unwavering commitment to producing premium charcoal and briquettes has not only resonated with domestic consumers but has also captivated discerning international buyers. This dedication to excellence has propelled us to become a trusted supplier on the global stage.

A trusted leader in the charcoal industry, Eco Charcoal Indonesia has expanded its reach to serve clients worldwide. From the bustling markets of the Middle East to the far-reaching corners of Asia and the Pacific, our high-quality charcoal briquettes and wood charcoal are sought after for their exceptional quality and reliability. Our commitment to excellence has fueled our growth, solidifying our position as a leading supplier in the global market.

OUR VISION

VISION 01

A World Fueled by Clean, Sustainable Energy

We strive to be a global pioneer in producing and distributing sustainable charcoal and briquette products. Our mission is to empower communities worldwide with clean, efficient energy solutions that reduce environmental impact and enhance quality of life. 01

OUR MISSION

MISSION

Fueling Your World with Quality and Care

Our mission is to deliver exceptional charcoal and briquette products that exceed your expectations. We are committed to providing a diverse range of options, ensuring there's something perfect for every need.

Sustainability at the Heart of Everything We Do

We believe in a greener future. That's why we prioritize sustainable practices, from responsible sourcing to eco-friendly production. By choosing us, you're not just getting a quality product; you're also supporting a sustainable tomorrow.

Customer-Centric Excellence

At Eco Charcoal Indonesia, your satisfaction is our top priority. We strive to provide a comprehensive range of high-quality charcoal and briquette solutions that consistently exceed your expectations.

Global Impact

We're committed to expanding our reach and building lasting partnerships worldwide. By making our products accessible to a global audience, we aim to fuel businesses and communities around the world.

Community Empowerment

We believe in giving back to the communities we serve. Through job creation, sustainable livelihood initiatives, and local development investments, we're fostering positive change.

Environmental Stewardship

We're dedicated to minimizing our environmental footprint. By reducing deforestation and actively promoting reforestation, we're working towards a healthier planet.

OUR PRODUCT

BRIQUETTE & WOOD PELLET

Experience the Power of Premium Briquettes and Wood Pellets

Our high-quality briquettes and wood pellets are crafted from sustainable biomass materials, offering a clean and efficient energy solution for various applications. From heating and cooking to industrial processes, our products deliver exceptional performance and reliability.

Our Commitment to Quality

We specialize in shisha briquettes and barbecue briquettes, meticulously crafted to ensure superior quality. Our dedication to excellence is evident in the consistent satisfaction of our global customer base.

Reliable Supply and Partnerships

With our extensive network of over 20 sawdust factories, we guarantee a steady supply of sawdust briquettes. Our commitment to quality and reliability has fostered strong partnerships, ensuring uninterrupted service and product excellence.

Discover the Difference

Choose us for premium briquettes and wood pellets that meet the highest industry standards. Our products are designed to optimize efficiency, reduce emissions, and provide exceptional value.

OUR PRODUCT

CHARCOAL PRODUCTS

Discover the Power of Premium Charcoal

Charcoal, a versatile carbon-rich product, is created through a process called pyrolysis, where organic materials are slowly burned in the absence of oxygen. This ancient material has been used for centuries and continues to be a valuable resource across various industries.

Your Trusted Charcoal Partner

For years, we've been a leading provider of high-quality charcoal, serving clients throughout the Middle East. Our commitment to excellence ensures that our products meet the highest standards, making us the ideal choice for your industrial needs.
